6th International Conference on the Reaction Engineering of Polyolefins

Geleen/Maastricht, NL
6–9 June, 2017

Opportunities for Networking

• Attracting engineers and scientists since 2000

• Only conference dedicated to reaction engineering of olefin polymerisation

www.incorep.org
After 3 successful events in Lyon in 2000, 2003, and 2007 (where the conference was run as the ECOREP), a 4th conference in Montreal, Canada in 2008, and a highly successful 5th edition in Ferrara, Italy in 2013, we are very pleased to have joined with the industrial community, and with the Dutch Polymer Institute to run the 6th INCOREP conference in the Netherlands at the Brightlands Centre on the Chemelot Campus in Geleen/Sittard in June 2017.

Traditionally, INCOREP focuses on the use of reaction engineering concepts in the production of polyolefins, and is intended for researchers and development scientists, managers, PhD students, and postdoctoral fellows who are interested in the following fields:

- **Reactor and Process Design** — Operation and optimization, scale-up of lab and pilot scale operations, advanced reactor/process modelling and thermodynamics.
- **High pressure processes** — Process design, chemistry of polymerisation at high pressures.
- **Monitoring** — Collection, analysis and interpretation of process data, in-line measurements & characterisation.
- **Supported catalysts** — preparation, injection, fragmentation and particle growth, fines generation and real world challenges;
- **Solution polymerisation processes and kinetics** — Elastomers and plastomers.
- **Unconventional Processes** — Emulsion polymerisation, new processes and reactors, impact on properties, modelling
- **Innovative laboratory techniques** — tools for catalyst testing, kinetics, polymer characterisation, and analysis.
- **New directions** for polyolefins and polyolefin production.
The conference will be held from 2–6 June 2017 at the brand new Brightlands centre on the Chemelot Campus in Geleen/Sittard, NL. The area is home to several polyolefin producers including SABIC, DSM, Arlanxeo, Borealis Plastomers, as well as numerous other polymer producers.

This site is situated only a few kilometers from historic Maastricht, a beautiful cultural town located on both sides of the Meuse (Maas) river. It has over 1600 national historic monuments, the most for any Dutch town outside of Amsterdam.

The conference site will have an auditorium for lectures (no parallel sessions), and dedicated space for poster sessions and exhibitors.

Opportunities for networking and interaction

INCOREP/ECOREP has been attended by people from the top companies and research centres from around the world

- AALEN UNIVERSITY OF APPLIED SCIENCES
- ABB LUMMUS GLOBAL, NOVOLEN TECHNOLOGY
- ADEKA PALMAROLE SAS
- AGC Si-Tech
- AKZO NOBEL
- ARISTOTLE UNIVERSITY OF THESSALONIKI
- ASPEN TECHNOLOGY INC.
- BASELL POLYOLEN/BASELL GMBH
- BASF AG
- BEIJING RESEARCH INSTITUTE OF CHEMICAL INDUSTRY
- BOREALIS
- BOULDER SCIENTIFIC
- BP / BP AMOCO
- BRASKEM
- CHEMSPEED TECHNOLOGIES
- CIQA (CENTRO DE INVESTIGACION EN QUIMICA APLICADA)
- CNRS
- CP CHEM
- CYBERNETICA AS
- DAELIM COMPANY/R&D CENTER
- DOW CHEMICAL
- DSM
- EAST UNIVERISTY OF SCIENCE and TECHNOLOGY
- EASTERN PETROCHEMICAL COMPANY (SHARQ)
- EINDHOVEN UNIVERSITY OF TECHNOLOGY
- ENGELHARD CORPORATION
- EUTECH
- EKXONMOBIL CHEMICAL COMPANY
- FASTECH
- FINA RESEARCH
- HANWHA CHEMICAL CORPORATION
- INDESCA
- INNOVENE
- INSTITUTE OF CHEMICAL TECHNOLOGY PRAGUE
- IPIRANGA PETROQUIMICA S/A
- JAPAN ADVANCED INSTITUTE OF SCIENCE AND TECHNOLOGY
- JAPAN POLYCHEM
- JAPAN POLYETHYLENE CORPORATION
- JAPAN POLYPROPYLENE CORPORATION
- LG CHEM
- LOMONOSOV MOSCOW STATE UNIVERSITY
- LUMMUS NOVOLEN TECHNOLOGY
- LYONDELLBASEL
- LODZ UNIVERSITY OF TECHNOLOGY
- MAX-PLANK-INSTITUTE FOR POLYMER RESEARCH
- MCMASTER UNIVERSITY
- METTLER TOLEDO AUTOCHEM
- MICHELIN
- MITSUBISHI CHEMICAL CORP
- MITSUI CHEMICALS INC
- MONTELL POLYOLEFIN
- NESTE ENGINEERING OY
- NOVA CHEMICALS
- NOVOLEN
- OPP PETROQUIMICA S.A
- OXFORD INSTRUMENTS
- PETROBRAS
- PETROKEMYA SABIC
- PETROLEO BRASILEIRO S.A.
- POLIALDEN
- POLIBRASIL RESINAS S/A
- POLIMERS EUROPA
- PRIME POLIMER
- PRT GMBH
- PTT CHEMICAL PUBLIC COMPANY LIMITED
- QUEEN'S UNIVERSITY
- REPSON-YPF
- SABIC
- SAMSUNG TOTAL PETROCHEMICALS. CO, LTD.
- SASOL TECHNOLOGY
- SCG CHEMICALS
- SHANGHAI SUD-CHEMIE CATALYSTS CO., LTD
- SHELL Global Solutions
- SINTEF
- SK ENERGY
- SOLVAY
- SUMITOMO CHEMICALS
- SUNOCO CHEMICALS
- TARGOR
- TECHNICAL UNIVERSITY OF BERLIN
- THE UNIVERSITY OF THE BASQUE COUNTRY
- TOHO TITANIUM
- TOTAL PETROCHEMICALS RESEARCH FELUY
- TU BERLIN
- UFRGS (UNIVERSITY OF RIO GRANDE DO SUL)
- UNICAMP
- UNION CARBIDE CORP
- UNIVATION TECHNOLOGIES

Sponsors’ Guide

Major Conference Sponsor

• Company logo placement as a major sponsor on all conference materials:
  – Web site, brochures, abstract book and all other printed materials

• Company logo on banner at the entrance to the lecture hall and present at breaks and the poster sessions.

• Company recognised as a major sponsor in opening and closing remarks.

• Company description in introductory section of the abstract book

• One page advertisement in abstract book.

• Registration for 4 participants of your choice.

• Placement for exhibit (5 m²) in poster hall/exhibit space.

Price: 8000 €

1 material and design to be supplied by sponsor

Sponsorship and Exhibitors Packages

**Conference Sponsor**

- Company logo placement as a major sponsor on all conference materials:
  - Web site, brochures, abstract book and all other printed materials
- Company logo on banner at the entrance to the lecture hall and present at breaks and the poster sessions.
- Company recognised as a major sponsor in opening and closing remarks.
- Company description in introductory section of the abstract book¹.
- Registration for 2 participants of your choice.
- Placement for exhibit (5 m²) in poster hall/exhibit space.

**Exhibitors and Vendor Packages**

- Company logo placement as a major sponsor on all conference materials:
  - Web site, brochures, abstract book and all other printed materials
- Company description in introductory section of the abstract book¹.
- Company Support acknowledged in opening and closing remarks.
- Registration for 2 participants of your choice.
- Placement for exhibit (5 m²) in poster hall/exhibit space.

Price: 5000 €

¹ material and design to be supplied by sponsor

Sponsors’ Guide

Tailored Sponsorship Packages

• Multiple participant discounts are possible if you have many people interested in attending.

• Sponsorship of a session/theme of interest to your company is possible (see list of topics above).

• We would also be grateful for help in sponsoring breaks, meals or a reception (for a targeted group, or general).

• If this is of interest to your company, please do not hesitate to get in touch with us!

Price: Open

Dates

- **12 October 2016**: Call for papers open (poster and oral presentations will be accepted)
- **Winter 2017**: Early bird registration opens
- **01 March 2017**: Close of call for papers
- **15 March 2017**: Attribution of presentations and preliminary programme available.
- **15 April 2017**: End of early bird registration
- **06 June 2017**: Start of INCOREP 6
